SIR:

Applicants acknowledge with appreciation the indication of allowability of the claimed invention. In response to the Examiner's Statement of Reasons for Allowance in the Notice of Allowance of June 29, 2009, Applicants respectfully submit the following comments.

In the Examiner's Statement of Reasons for Allowance page 3 of the Notice of Allowance states in part:

Claims 1, 3-9, 11-13, 16-39, 57-58, 66-68, 72, 81-86 are allowed.

The following is an examiner's statement of reasons for allowance:
The present invention is directed to a camera configured to generate media data signals.

The following is a statement of reasons for the indication of allowable subject matter: The independent claims 1, 9, 13, 16, 31 and 37 are identified as uniquely distinct features for "wherein said meta data generation processor is configured to receive a pre-defined list of takes of media data signals to be generated and to generate said meta data in association with said list of takes, and said communications processor is configured to communicate said meta data in association with said list of takes."

Although the above comment appears to address Claims 1 and 9, it is respectfully noted that independent Claims 13, 16, 31 and 37 do not include the language recited above.

Application No. 10/016,823

Reply to Notice of Allowability of June 29, 2009

For example, Claims 13 and 37, being directed to methods of generating signals, do not include a reference to “meta data generation processor” or “communication processor”.

Similarly, apparatus Claim 31 also does not include a reference to these terms. Claim 16, does not include a reference to “receive a pre-defined list of takes of media data” but rather it recites “receive a pre-defined list of takes of video signals”. Accordingly, it is respectfully submitted that the above-quoted statement does not apply to Claims 13, 16, 31 and 37 to the extent the language used in the statement differs from the language of the claims.

Respectfully Submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, L.L.P.
